

The German-South African
Research Lecture Series 2007 presents

Communal

Water House – a sustainable technology for improved water use efficiency by water recycling, solar energy use and sanitation

Tuesday
2 October 2007
at 17:00

Pretoria, University of Pretoria,
South Campus (enter from University
Road, not Lynnwood Road)
Building 2, Room 2-4

Dr Konrad Soyez
Chair of Environmental Education,
Faculty of Mathematics and Natural Sciences,
Universität Potsdam

Mr Erwin Nolde
Engineering Firm Nolde & Partner, Berlin

The German – South African Research Lecture Series 2007 aims at promoting research co-operation between the two countries and at strengthening existing networks. The lecture series is presented by the German Academic Exchange Service (DAAD), on behalf of the German Federal Ministry of Education and Research (BMBF).

We cordially invite researchers, academics, postgraduate students, administrators as well as the interested public to attend the lecture and discussion.

Refreshments will be served.

AN INITIATIVE OF THE

Federal Ministry
of Education
and Research
